

Addendum for Print on Demand for Monographs

The agreement between

_____ (the "Author")

and the University of Michigan dated _____ is hereby amended. This Addendum constitutes an integral part of the publishing agreement and is binding on both parties. Should there be conflicting terms or conditions between the body of the agreement and this Addendum, this Addendum shall be paramount. This addendum supersedes any previous amendments on print on demand for monographs. The publishing agreement, including this Addendum and any previous addenda, constitutes the final agreement between Author and the University of Michigan with respect to the publication of the work specified in the original agreement and the allocation of rights provided by copyright.

A. AUTHOR’S GRANT OF RIGHTS

The Author grants to the University of Michigan a perpetual, non-exclusive, non-transferable right to print editions of the work using “print on demand” (POD) technology and make them available for purchase. This includes POD technology now in existence or hereafter developed.

B. UNIVERSITY OF MICHIGAN’S DUTIES

The University of Michigan shall include a link from the electronic version of the work, to the POD version for sale on the POD vendor or distributor’s website, in order to facilitate print sales of the item.

The University of Michigan shall set the item retail price and may change this price at any time. Publishing Partner shall receive fifty percent (50%) of royalties from all sales.

The University of Michigan shall pay royalties to Publishing Partner annually according to a schedule to be determined by the University of Michigan. A check will be issued if the total amount of royalties owed the Publishing Partner equals a minimum of twenty-five dollars (\$25.00). If at the time of the annual accounting, the total royalty amount owed is less than twenty-five dollars, no check will be issued, and the funds will accrue until a subsequent annual accounting reaches the twenty-five dollar minimum.
